The **HUGE** difference

“Seeing **how much belief she had in me made me realise** what I needed to do”

“This **has changed my life**”

“Even when I let things slip **she was always there for me**”

A young woman with a confident smile is holding a large black sign with the word "confident" written in white, bold, lowercase letters. She is wearing a denim jacket over a dark shirt, light-colored jeans with a dark stripe down the side, and red leggings. The background is a plain, light-colored wall.

Mentoring can make:

“It’s amazing”

**“I didn’t have any confidence,
now I feel I can do anything”**

“It’s fun, I enjoy being part of it”

**“A lot of opportunities opened
up for me”**

Mentoring Matters - to Everyone

“Not until now have I come across a programme that does what it says on the tin – **transforms lives!** My mentee is someone who keeps on taking me by surprise; she has kept me on my toes, **inspires me**, makes me laugh. I am **learning as much** as my mentee”
